A Cincinnati Man Shoots His Brother-in-Law, Who is About to Stab Him,

Because He Interfered With the Wretch Who was Beating His Own Mother to Death.

A Bad Coon Taken from a Maryland Jail by Masked Men and Hanged.

Killed His Brother-in-Law.

By Telegraph to THE SENTINEL.

CINCINNATI, O., June 2.—Shortly before 2 o'clock this morning, Dr. E. E. Loy, a well known physician, shot and killed his brother-in-law, Harry Champlin, at their residence, No. 377 West Seventh street. Champlin is an unmarried man who has been addicted to drinking, and is a grandson of the late H. A. Jones, the well known steamboat proprietor, and was employed for some time as clerk on the steamer *Sherlock*, and afterwards on the wharf boat. For some time past he has been idle but lived with his mother who is in comfortable circumstances. He has been demanding and obtaining money from his mother and when refused has abused her. Last night he left home pleasantly, promising his mother to return sober. Instead, he went home after 1 o'clock, in a partly drunken condition. He went to his mother's bedside and began abusing her. He awakened a visitor, Mrs. Glenn, of Michigan, who went to him and begged him to desist. He struck her with a chair and then returned to his abuse of his mother. This aroused Dr. Loy and Mrs. Loy, Champlin's sister, and they came to the room. The coachman also came and helped Loy. After a struggle with Champlin, they got him into the hall, intending to put him to bed. He broke away, however, and running down stairs got a carving knife and returned. Dr. Loy warned him to stop, but Champlin, with an oath, rushed at him with the knife. The doctor, who was standing in front of his wife, fired and Champlin fell, the ball having entered between the eyes. The grief of his mother was unbounded. Dr. Loy was taken to the station house and locked up on the charge of murder. This morning in the police court he was charged with murder in the second degree and released on \$10,000 bond. He claims that he acted solely in self defense.

Silent Justice Given Him.

WESTMINSTER, Md., June 2.—At 10:30 this morning a body of masked men rode into the city and broke open the jail where Townsend Cook, a colored man, was imprisoned for an outrage on Mrs. Knott, near Mount Airey, a few days ago. They broke down the door, overpowered the sheriff and placed a rope around Cook's neck. They put him in a wagon and drove away. At 3 o'clock the body of Cook was found hanging from a tree, two miles away, with two bullet holes in the back of his neck. A piece of paper tacked to the tree bore these words: "This man confessed his crime."

The Crowd at Hugo's Funeral.

By Cable to THE SENTINEL.

PARIS, June 2.—The crowd at Victor Hugo's funeral yesterday was composed mostly of the working and middle classes. They treated the event as a holiday and there was not a great display of emotion. The police treated the occasional showing of red flags quietly, simply requesting when they were displayed that the holders should hide them, and upon refusal to comply with that suggestion, the officers snatched them away, and allowed the holders to go free. The removal of decorations has already begun.

CAPTION KENN, Florida, June 2.—A negro desperado, named Stetson, shot and mortally wounded a negro named Anna Harris and then fled, pursued by Policemen. Anti-Jewish Riots.

By Cable to THE SENTINEL.

VIENNA, June 2.—Serious anti-Jewish riots have again broken out. They were renewed yesterday with increased violence.

The Carmelite Platz was filled with a howling mob, and free fights were frequent. The shops of the Jews were raided ruined and their owners violently assaulted. Not less than fifty persons were seriously assaulted. The police made many arrests, but they were powerless to suppress the rioters, and were obliged to call for aid from the military. Other riots have taken place in the Weiden and Nuban districts.

A Supposed Suicide.

By Telegraph to THE SENTINEL.

SIR LOUIS, June 2.—R. M. Reynolds, the late first auditor of the United States treasury, killed himself this morning, at the Southern hotel, by falling through an air shaft over the rotunda. Reynolds either jumped or fell over the railing on the third story to the marble floor of the rotunda. His room was found full of gas, hence the theory must be suicide, and that after the failure of this means he threw himself to the floor below. He was in excellent spirits when last seen alive and no motive can be suggested for self-killing. He was on his way to Kansas to buy land. He left the United States treasury only a couple of weeks ago. He was about sixty years of age.

THE REPUBLICAN postmistress at Napoleon, Mich., has married the democrat whom she expected to be appointed her successor.

JOHN W. BARNES has purchased the interest in the Logansport *Pharos* heretofore owned by M. V. Tedisman. This gives him a half interest in that prosperous paper with Mr. Lothian as his partner.

The democrats at the head of the government departments in Washington find it exceedingly difficult to discover the houses that have crept into the service. The republican chaps guard against every exposure and thwart every effort to sift things to the bottom. The whole thing needs reparation.

EDWARD BUSHMAN, once a wealthy farmer along the Hudson River, lost his means by speculation, and has for years been living with a married daughter in New York. Recently his son-in-law suggested that he make his home with a son in Chicago. The old man had reached 70 years of age, and, feeling his position keenly, ended his troubles by hanging himself in the yard.

At the next meeting of the city council take place the election of a member of the city school board. Hon. A. P. Edgerton's term of office expires at that time. Mr. Edgerton will be his own successor. He will have no opposition. As long as he accepts the office he should be kept on the school board. The council may hunt a long while before they can find his equal.

The salary of the occupant of the White House is never applied for by the President, but is made out in the form of a voucher at the end of each month and signed by the Treasurer of the United States in regular order with hundreds of other vouchers. The Private Secretary receives the money, but the Department requires the receipt to be signed by the President personally. The monthly voucher is \$4,166.96.

**The exhibition at school house No. 3,

last, was a decided success. A lengthy program was disposed of with satisfaction to all present. Excellent dialogues, declamations and vocal music, and instrumental music by the Misses Howell and Mr. Matthews, of Fort Wayne. The closing address, rendered by Miss Brown, is worthy of the highest praise. The teacher, Mr. Heckley, commands the highest respect for his endeavors to teach the young idea "how to shoot," and also as manager of the exhibition, and leave with the respect of many friends.

June 1, 1885.

Is This Possible?

Reports come that General Grant's improved condition is due to the fact he is using a "simple vegetable preparation" forwarded by one of our consuls from South America, and sent him by the Surgeon General! Is this possible? By an "unauthorized" remedy? Shocking! And yet, if this "simple vegetable preparation" were owned and advertised by any one as a specific for this terrible disease, certainly the Surgeon General would not command it, nor would bigoted physicians prescribe it!

Nevertheless, it is a fact that many of the best proprietary medicines of the day, as late as Dr. J. G. Holland stated in *Surgeon's Monthly*, were more successful than many physicians, and most of them, it should be remembered, were at first discovered or used in actual medical practice. When, however, any shrewd persons, knowing of their virtue and foreseeing their popularity, secured and advertised them, then, in the opinion of the ingested, all virtue went out of them! Isn't this absurd!

We believe that a remedy, if properly made, is just as effective when put up, advertised and sold in bulk, as when doled out to patients at enormous expense by their physicians.

Why not?

If General Grant is getting better through a simple amateur-sized vegetable preparation where is the vaunted exclusive skill of the medical profession?

Apropos of the suspension of some very prominent members by the Medical and Chirurgical faculty of Maryland, for endorsing advertised remedies, the *Advertiser* (April 25) says that "when a patent medicine goes on year after year winning the circle of believers, it is a pretty fair evidence that there is merit in it. The regular doctors may ignore it, and expel any of the members who use it, but when they do so their action *looks more like envy than a successful remedy than a true desire to protect the public.*" The failure in the Garfield and Grant cases, the *American* thinks, and properly, has knocked professional pretensions higher than a kite.

But this is not a singular instance of unprofessional power over "incurable diseases." That "simple vegetable preparation" now everywhere known as Warner's safe cure was once an authorized remedy; was pronounced a "God send" to the medical profession for the cure of kidney and liver disorders, malaria, general debility, spring fevers, female irregularities, etc., by many leading physicians, but when the formula was fully perfected, and the medicine was put up in bulk and advertised so that every sufferer might know of it and treat himself, then the profession turned upon it and let their patients die rather than use it!

This is certainly a strange proceeding, but on a level with all the rules and regulations of a code which has gone so far as to forbid a physician displaying beyond a certain size his name and profession upon his sign. But the world moves, and merit wins the fight.

A recent invention for the use of electricians is a square wire, which is claimed to be, not only mechanically, but electrically, better than round wire.

For men must work and women weep. But it is a mighty hard thing for men to work when health is shattered, the system exhausted, energy departed. Let them not despair, however, for Mishler's Herb Bitters as a tonic and vitalizer is incomparable in its lasting effects. It builds up the system and gives new life and vigor to mind and body. Workingmen and men who use their mind more than their bodies, will find in this great preparation just what they want to tone up their systems that have become debilitated by strain, overwork or other cause.

Bishop William Taylor calls Liberia "the garden spot of West Africa."

From *Appleton's Guide*.

We presume that there are but very few readers of the *Guide* who are unacquainted with Ford's Extract, as regards its extraordinary curative properties. We have used it in our family during the past twenty years and have realized its wonderful power in relieving pain. It is invaluable for all hemorrhoids, cuts, burns, bruises, catarrh, rheumatism and kindred pains. It is purely vegetable and is used both internally and externally. Be careful to get the genuine.

New York is building up rapidly on the west of Central Park.

From the Hartford, Conn., *Courant*:

"The old familiar Pond's Extract is indeed a household friend. It is a medicine which no well-regulated household can afford to be without. For half a century it has been before the public, and from year to year, as its merits and wonderful curative properties have become known, it has steadily grown in popular favor, so that now it has probably a greater sale than any other standard preparation on the face of the globe. To relieve pain and control hemorrhages of all kinds it has no equal." Be careful to get the genuine.

Rheumatism quickly cured.

It has never been equaled in its results.

FOR PERJURY.

Agnes Sprague Pulled Into Court

by John Ring.

Some time ago an affidavit was picked up in this city, signed by Mrs. Agnes Sprague, a resident of Adams township, charging Trustee John Ring with making an indecent proposition to her. The woman has been supported by the poor fund, as her husband is an invalid. In the course of the affidavit she says:

"I met Mr. Ring and was informed that unless I would submit to his desires that he would take the \$5 per month order away and that I need not want for anything; that I could have anything I wished and \$8 per month and all the wood I need." Oh! at such a proposition, I thought that God ought to strike dead so vile a wretch, one whom the people had elevated to office, and whose duty it was to look after and protect the weak and needy."

The oath is acknowledged by Esquire Rogers, of New Haven, and when the awful paper was handed Mr. Ring, he pronounced it utterly untrue and an attempt to blackmail him. He likewise believed the scandal was inspired to influence his vote at the election of county superintendent, as Mr. Hillegas at one time had the paper in his possession. Yesterday he swore out a warrant for Mrs. Sprague's arrest, and the woman was arraigned for a hearing before Justice Ryan to-day.

The expected examination did not occur this morning but was continued until to-morrow morning at 9 o'clock.

Gravel Road Bonds.

The recent sale of gravel road bonds by the county commissioners demonstrates how easy it is to get money and testifies to the good credit of Allen county in money markets at home and abroad. The gravel road bonds recently sold amounted to \$11,500, with 6 per cent. interest and the paper falling due in installments in the next eight years. The bids submitted for the loan were as follows: Z. Dwiggin, \$11,883.33; Wm. Fleming, \$11,822; S. A. Keane & Co., \$11,907; Charles McCulloch, \$11,537.50; N. W. Harris & Co., \$11,908. The last party named received the bonds as the highest bidders, paying a premium of \$408. This suggests the advisability of bonding the county debt at a low rate of interest, thereby putting the county on a cash basis and providing a sinking fund for the payment of the debt in gradual installments.

A Crazy Swede on the Runnepage.

The Warsaw Times says: "A Swede got off a Pittsburgh emigrant train Sunday near Atwood and when discovered he was placing obstructions on the track near the deep cut. He had rolled a stone on the track that required two men to move off. When approached he made his way to a church and was looking at a bible, and when he was about to be captured by the searching party, he attempted to jump through a window, but was prevented by persons present. It took four men to subdue him, when it was discovered that he was crazy. He was brought to this city and placed in jail, and will be sent west as soon as he is restored enough to travel. He had on his person \$38 in money and a ticket to St. Paul."

Arrested for Bribery.

In an affidavit signed by Prosecuting Attorney Dawson, Thomas D. Pool, a school furniture salesman, is charged with offering Trustee Groves, of Abott township, \$25 if he would vote for George F. Felts, for school superintendent. Mr. Groves and Mr. Pool were both examined before Esquire Ryan yesterday and a decision in the case will be rendered Saturday. Jerry Hillegas pushes the matter and says he has another case of attempted bribery, showing that money was furnished by a Cincinnati book agent.

Pool was placed under \$500 bonds to appear Saturday and gave security. Groves tells a straight story.

Changes on the Nickel Plate.

Supt. A. H. Evans will resign his place on the Nickel Plate road June 10, to be succeeded by Charles D. Gorham, late superintendent of the West Shore and formerly superintendent of the Pittsburg road. Mr. Gorham will make his headquarters here. There is not the slightest foundation for the published rumor of a disagreement between Receiver Caldwell and General Manager Williams, who are friendly and will remain with the road. THE SENTINEL welcomes Mr. Gorham back to Fort Wayne, the scene of his former triumphs and the home of his youth.

Manager Simonson Retained.

The board of directors of the Masonic Temple met last night. Mason Long's proposition to lease the opera house for \$2,600 a year was again submitted, but the necessary guarantee to protect Mr. Long from a foreclosure by the bondholders was not produced and the matter stands without action. The directors unanimously re-elected J. H. Simonson manager of the temple and he will serve until it is the pleasure of the board to advise a change.

The finance committee of the Masonic Temple met at the Hamilton National bank, this morning. The purpose was to devise some means to guarantee Mason Long against a foreclosure in the great

that the Temple opera house was leased to him. It is pretty certain Mr. Long will get the required guarantee.

Pension Examiners Dismissed.

Yesterday, Drs. A. P. Buchman and Charles H. Drier, who with Dr. B. S. Woodworth, composed the board of United States pension examiners in this city, received notice of their dismissal from office. The notice simply says that a change is necessitated by the present political complexion of the government and that men of the democratic faith are more apt to be in accord with the principles of the party in power and more zealously aim to purify the service than men of different political faith. Dr. B. S. Woodworth will be retained as the republican member of the board. The democratic members are not officially known, but it is said that Dr. Dill is one of them.

Hillegas Examined.

This morning Jerry Hillegas appeared at the office of Spences & Jenkins to be examined as to his suit for libel now pending against the Journal stockholders. Mr. Spencer proceeded to question Mr. Hillegas relative to the charges of drunkenness and immorality, but as Mr. Hillegas' complaint only averred that the Journal libeled him when it stated they "had evidence enough to send him to the penitentiary a dozen different times," his counsel advised him not to answer questions foreign to the complaint or not sufficient to send a man to state's prison. The examination was continued until to-morrow morning.

All ladies interested in the city hospital are requested to meet at the hospital to-morrow, Wednesday afternoon at 3 o'clock to arrange for the coming hospital fair.
